

## QUALITY POLICY

Agripalma has obtained organic certification for the production of Palm Oil Products and focuses its activities on scrupulous compliance with fundamental human rights, directing its actions towards the company's employees, as well as the involvement of local communities and the protection of the environment allied to sustainability and legal compliance policies.

Quality is a decisive factor in market competitiveness, product excellence, palm oil exports and customer focus, seeking to meet the needs and expectations of stakeholders, with a responsible and dynamic team making the following commitments:

- Engaging in dialogue and working with customers to meet their requirements.
- Meeting the required delivery deadlines and the quality of the palm oil produced.
- To grow responsibly every day, with a view to the sustainability of the totally organic agro-industry, respecting all the environmental and social aspects involved.
- Respecting the legislation in force and applicable to the activity carried out by the company, as well as other subscribed requirements.
- Involving the community, keeping employees motivated, with the right skills and involving them in company policy.

With everyone's support, we are committed to continuous improvement of the Quality Management System, reviewing our policy, objectives, processes and indicators whenever necessary. Our policy has been communicated, understood and disseminated to all employees.
